

Simplify your IT logistics process.

Your devices are key to your business. We help take care of your devices for you, we save you money, and we keep your employees' workflow sailing smooth.

Save Money.

- No hidden costs. We list our prices upfront and don't tie our customers to long term contracts.
- Shipping costs are expensive. As a large FedEx customer, we receive 30-40% off of the listed price, which we pass on directly to our customers.
- Certified repairs. As Authorized Service providers we can perform warranty or non-warranty repairs.

Safety is our priority.

- Keep your devices safe. Our fully insured facility is under 24 hour video surveillance with an advanced alarm system.
- Storage is key. We offer bulk storage for your devices in a fully insured facility.

Stay informed.

- Seamless. Our fully customized inventory tracking portal makes submitting and tracking requests extremely simple.
- Speedy. Tickets are processed within 30 minutes and shipped the next day if submitted before 3pm.

Tailored just for you.

- You break it we fix it. We take care of your employee device break-fix swaps.
- Need repairs in house? We offer onsite repair services for our larger clients.
- Based in the SF Bay Area? We offer curbside pickup and delivery options to your business.
- Mainly WFH? We offer residential curbside pickup for your employees in the SF Bay Area.
