### Why buy through ComputerCare?

#### Start things off right.

For new devices we offer asset tagging, device enrollment, and provisioning. We've got you covered!

#### Cost-effective.

We offer competitive pricing for all models and warranties within standard payment terms. When ordering directly from manufacturers, payment is due upon shipment.

#### Onboarding made easy. Work with one vendor for all your onboarding needs.

At ComputerCare, we can store your recently purchased equipment at our facility and deploy devices to new hires in the US, Canada, EU and many other international locations

### Seamless IT Asset Management

#### Proactive threshold management.

Never face an equipment shortage since we'll notify you when your inventory dips below a desired level!

#### We are a woman owned business!

As a WBENC certified business, customers can put more of their annual budget towards diverse supplier spending.

#### Simplified efficiency.

Easily submit quotes through our customer portal!

### Chat with the Experts.

Whether you need new equipment, a repair, or an extra hand to help with your IT management, we're your one-stop-shop!
